BAMBERG

IM WANDEL

The image is a composite of three elements: a historical map of Bamberg, a black and white photograph of the Sanitätshaus Götting building, and a modern map of Bamberg. The historical map at the top left shows the city's layout with streets and landmarks. The photograph in the center shows the Sanitätshaus Götting building, a three-story stone structure with arched windows and a car parked in front. The modern map at the bottom right shows the same area with updated street names and landmarks, with a red dot marking the location of the Sanitätshaus Götting building.
